About Huddlestock Fintech:

Huddlestock Fintech AS was listed on Euronext Growth Market 26 November 2020, as Norway's first fintech company to be publicly traded. Huddlestock Fintech is a company that develops unique software as a service-solutions for digitizing work processes for custody banks, asset managers and trading venues.

The open, compliance-optimized and data centric platform allows our customers to offer a differentiated

real-time product that reduces cost and increases efficiency. Huddlestock Fintech's technology enables end-to-end digital services such as onboarding, client communication, reporting, order execution and portfolio management, all executed on the same platform.

Huddlestock has two main products: Apex (Custody) and Bedrock (Connectivity). Apex is a software as a service-solution that links custody services with asset managers and individual investors. Bedrock provides a white label solution that is primarily a product for financial services firms wanting to add low cost-efficient trading and investing services to their client web and app offerings. Huddlestock's client base includes BNP Paribas, Baader Bank, Donau Capital and Tradegate Exchange. For more information, please visit www.huddlestock.com.
